

## Blue Ribbon Bistro

The grand opening of FCS Premier, LLC's Blue Ribbon Bistro, located in Banner Health's Mesa corporate office building, was held on April 13, 2010.

Marc Center and TCH (The Centers for Habilitation) formed a unique partnership that not only provides quality food service to customers throughout the Valley, but also creates jobs and job training for people with disabilities. With their long histories of providing quality service in the food service industry and a record of success in vocational rehabilitation and training for people with disabilities, they formed *FCS Premier, LLC* to provide a high quality dining experience, while offering legitimate and meaningful work opportunities and training for people who traditionally have had limited work options. Part of FCS's mission is to provide job training and work opportunities to those who find challenges within the workplace. Collaborations within our community are key components to accomplishing our goals. In January 2010, FCS Premier, LLC partnered with Banner Health at the Banner Corporate Center in Mesa to reopen and redesign a former hospital kitchen to provide resort-style dining options to the employees at the Banner Corporate Center. FCS Premier, LLC brings experience and commitment to customer service to each and every one of its guests.
